LOCAL AND PERSONAL

THE WEATHER.

Tonight and Wednesday there will be rain or snow in the northern part of New Mexico and rain in the south portion. The weather man at Denver has had a preliminary shower and says it will be much colder tonight or tomorrow. Unless you were fooled by that unseasonably warm spring day yesterday you have not yet put your overcoat among the moth balls and will be ready for a change. In fact it will take all your change if the coal man gets many more whacks at us.

But that isn't worrying the farmers and stockmen, so long as they get a little more wetness. They need it in their business.

CITY CAMPAIGN TO ASSUME DEFINITE SHAPE SOON

Republican City Committee Holds Meeting Tonight and Good Citizens' League Will Confer on Matter.

It is likely that the campaign leading up to the municipal election, now less than two weeks distant, on April 2, will begin to take definite shape tonight when the city Republican central committee, in response to a call by Chairman Berthold Spitz will convene at the Commercial club at 8 o'clock. It is understood that the meeting will likely announce city primaries for Friday with the convention on Monday next, the same day on which the Democrats will hold their city convention. Whether the Republicans will join with the Democrats in a non-partisan ticket depends largely upon the action taken tonight and also upon the Good Citizens' league. A member of the latter organization said today that the league had no definite plans as regards the city election but would likely hold a meeting soon and take up the matter. The attitude of the Democrats in convention assembled next Monday will depend largely upon the action taken tonight. The Democrats having some time since appointed a committee to confer with the Republicans and ascertain the intentions and wishes of the latter. The communication of this committee of the Democrats to the Republican city committee, which will likely be acted upon in some way tonight was as follows:

To the Republican City Central Committee and the Good Citizens' League:

Gentlemen: At a meeting of the Democrats of this city held last Thursday night, there seemed to be some sentiment in favor of a non-partisan ticket at the coming city election and to eliminate as far as possible, partisan politics. To that end, the undersigned were appointed as a committee to confer with the Republican organization and the Good Citizens' league to ascertain their attitude in the matter, and to report the same back to a convention called by the Democratic City committee.

We would be glad to arrange for a conference with your organization or a committee appointed for that purpose if any such sentiment exists in your organization.

At the city council meeting last night the matter of appointing judges for the city election was referred with power to act to the committee which named the registration boards, consisting of Mayor Elder, City Clerk Charles Koehl, and City Attorney Hugh J. Collins. This committee has instructions to prepare lists of judges and clerks for each voting division in the city.

NEW ELECTRIC SIGNS FOR SANTA FE LIMITED

Monogram Will Hereafter Be Displayed From All Observation Cars on the System.

The Santa Fe Limited westbound through Albuquerque today is equipped with a new electric sign similar to those which are being placed on all limited trains on the system. The sign is attached to the observation car on the rear of each train. The Santa Fe monogram in blue and white is surrounded by the words: "Santa Fe California Limited." At night the sign is illuminated by electricity being almost as large as the headlight on the engine, throwing, however, a more subdued light. The new signs are classy and are being hooked on to the rear of observation cars as they leave Chicago. Within a week or ten days all observation cars will be equipped with the signs.
